Georgia 303(d) (WPD)

- We are working on the decision document approving the 2016 303(d) Impaired Waters list submitted by the State on November 1, 2017.

Georgia TMDLs (WPD)

- We have reduced considerably the number of TMDLs in backlog. Currently, only two are pending and none of these TMDLs are part of the State's Vision Priorities.
